PRESENT,

The KING'S Most Excellent Majesty.

Lord President,

Lord Denman,

Lord Sandhurst,

Mr. J. A. Pease,

Master of Elibank.

WHEREAS the Territories of Africa situate within the limits of this Order are under the protection of His Majesty the King and are known as the Uganda Protectorate.

And whereas by treaty, grant, usage, sufferance, and other lawful means His Majesty has power and jurisdiction within the said territories.

And whereas by an Order of His late Majesty King Edward the Seventh in Council bearing date the 11th day of August, 1902, and entitled "The Uganda Order in Council, 1902, provision was made for the exercise of His Majesty's jurisdiction within the said Protectorate.

And whereas by Article 15 of the said Uganda Order in Council, 1902, it was ordered that there should be a Court of Record in the Protectorate with full jurisdiction, civil and criminal, over all persons and over all matters in the Protectorate, and that such civil and criminal jurisdiction should, so far as circumstances admitted, be exercised in conformity with the Civil Procedure, Criminal Procedure, and Penal Codes of India, except so far as might be otherwise provided by law.

And whereas before the commencement of the said Uganda Order in Council, 1902, the territories or some part or parts of the territories thereunder constituting the Uganda Protectorate were constituted a local jurisdiction under the Africa Order in Council, 1889.

And whereas by Article 13 of the said Africa Order in Council, 1889, it was ordered that, subject to the other provisions of that Order, all His Majesty's civil and criminal jurisdiction exercisable in any local jurisdiction constituted under that Order should, so far as circumstances admitted, be exercised upon the principles of and in conformity with the substance of the law for the time being in force in and for England and with the powers vested in and according to the course of procedure and practice observed by and before Courts of Justice and Justices of the Peace in England according to their respective jurisdictions and authorities.

And whereas by Article 110 of the said Africa Order in Council, 1889, it was ordered that where by virtue of any Imperial Act or of that Order or otherwise any provisions of any Imperial Acts or of any law or of any Orders in Council other than that Order were applicable within any local jurisdiction or district constituted under that Order, or any form, regulation, or procedure prescribed or established under any such Act or law were or was so applicable, the same should be deemed applicable so far only as the constitution and jurisdiction of the Courts acting under that Order and the local circumstances permitted and for the purpose of facilitating application might be construed or used with such alterations and adaptations as might be necessary, subject to the further provisions contained in the said Article.

And whereas by Article 28 of the said Uganda Order in Council, 1902, it was ordered that on the commencement of that Order the said Africa Order in Council, 1889, should cease to apply to Uganda, provided that, where other provision was not made by Ordinance, any law, practice or procedure established by or under the said Africa Order in Council, 1889, and not superseded by the said Uganda Order in Council, 1902, should remain in force until such other provision was made.

And whereas doubts have arisen respecting the extent to which the law of England is in force in the Uganda Protectorate under the above-recited provisions, and it is expedient to remove such doubts and to amend Article 15 of the said Uganda Order in Council, 1902, in such a manner as to supersede Articles 13 and 110 of the said Africa Order in Council, 1889:

Now, therefore, His Majesty, by virtue and in exercise of the powers on that behalf by the Foreign Jurisdiction Act, 1890, or otherwise, in His Majesty vested, is pleased, by and with the advice of His Privy Council, to order, and it is hereby ordered, as follows:—

may at any time before the commencement of this Order have been, or hereafter may be, modified, amended, or replaced by other provision in lieu thereof, by or under the authority of any Order of His Majesty in Council, or by any Ordinance or Ordinances passed in and for the Protectorate. Provided always that the said common law doctrines of equity and statutes of general application shall be in force in the Protectorate so far only as the circumstances of the Protectorate and its inhabitants, and the limits of His Majesty's jurisdiction permit and subject to such qualifications as local circumstances render necessary."

3. When a mine, seam or vein is re-opened after abandonment or discontinuance, the owner shall send notice to the Chief Inspector of Mines within one month after the date of re-opening.

⁽¹⁾ Under section 22 (a) (b) of the Indian Mines Act, failure to forward correct returns to the Chief Inspector of Mines not later than 1st February in each year will render the agent, owner or manager liable on conviction to a penalty which may extend to Rs. 500.

⁽²⁾ It will greatly facilitate the preparation of the Statistics if the returns are despatched as soon as possible after the close of the year.

4. When a change occurs in the name of a mine, or of an owner or agent of a mine, notice of the change shall be sent by the owner, agent or manager to the District Magistrate and to the Chief Inspector of Mines within one month after such change.

5. If the owner, agent or manager of any mine intends to extend any mining operations under his control at or to any point within fifty yards of any railway subject to the provisions of the Indian Railways Act, 1890, as applied to Berar, he shall give the Chief Inspector of Mines and the Railway Administrations concerned notice in writing of his intention so to do sixty days before the commencement of such extension.

6. If the operations in respect of which notice is given under rule 5 are not commenced within twelve months from the expiry of the period of sixty days therein referred to, the notice shall be held to have expired, and a fresh notice shall be given by the owner, agent or manager of the mine, under rule 5.

7. The notice to be given under rule 5 shall specify the position of the working of the mine in relation to the railway in question, the manner in which it is proposed to carry out the intended new operations, the limits to which it is proposed to carry the said operations, and whether the operations are actually in progress, and shall include a plan showing the existing and the intended mining operations in so far as they affect the railway in question.

8. When an accident occurs in or about a mine causing loss of life or serious bodily injury, or when an accidental explosion occurs in a mine, the owner, agent or manager of the mine shall within twenty-four hours of the occurrence of such accident, give notice of the accident to the Chief Inspector of Mines by despatching to the Magistrate of the district or to the Sub-divisional Magistrate, for transmission to the Chief Inspector of Mines, a notice in form V in the schedule hereto annexed.

Explanation.—An injury is said to be serious which involves or will in all probability involve the loss of or permanent injury to any limb, or to the sight or hearing, or fracture of any limb, or enforced absence from work for twenty days, or which is declared by any medical officer to be serious.

9. When any person dies from the result of an injury already reported as serious under rule 8, the owner, agent or manager of the mine shall send notice, within twenty-four hours of his being informed of the death, to the Chief Inspector of Mines, through the Magistrate of the district or the Sub-divisional Magistrate.

III.—APPEALS.

10. From every order passed by the Chief Inspector of Mines under section 6, clause (d), an appeal shall lie to the Mining Board, if a Mining Board has been constituted under section 9 of the said Act for the Province or part of the Province where the mine in respect of which the order was made is situate and elsewhere to the Chief Controlling Revenue authority, as defined in section 2, clause (8), of the Indian Stamp Act, 1899 (II of 1899), as applied to Berar.

PART II.

Rules applicable to Coal Mines.

I.—SINGLE SHAFTS AND OUTLETS.

1. (a) The owner, agent or manager of a mine shall not employ any person in the mine, or permit any person to be in the mine for the purpose of employment therein, unless there are at least two shafts or outlets with which every seam for the time being at work shall have a communication, so that such shafts or outlets shall afford separate means of ingress and egress available to the persons employed in every such seam.

(b) Proper arrangements shall be made for persons to descend to and ascend from the mine at each of such shafts or outlets. If apparatus is necessary, it shall be kept on the works belonging to the mine, and shall be constantly available for use.

(c) Such shafts or outlets shall not at any point be nearer to one another than 45 feet, and each shall be connected with the other by means of a communication not less than 4 feet high and 4 feet wide.

(d) The foregoing provisions of this rule with respect to shafts and outlets shall not apply—

(i) while a shaft is being sunk or an outlet being made ;

(ii) to any working for the purpose of making a communication between two or more shafts or outlets ;

(iii) to any working for the sole purpose of searching for or proving mineral ;

so long as not more than 40 persons are employed below ground at any one time in the whole of the different seams in connection with a single shaft or outlet.

(e) In cases where there are special difficulties which make compliance with the foregoing provisions of this rule not reasonably practicable, the mine may be exempted therefrom by the Local Government, subject to such conditions as it may think fit to impose.

(f) So much of this rule as requires two shafts or outlets to be separated by a distance of not less than 45 feet shall not apply to any shafts sunk or commenced to be sunk before this rule comes into force.

II.—RAISING AND LOWERING PERSONS.

2. In every mine which is usually entered by means of machinery the following provisions shall have effect, namely :—

(a) A single linked chain shall not be used for lowering or raising persons in any working shaft or plane, except for the short coupling chain attached to a cage, skip, bucket or tub.

(b) There shall be attached to every machine worked by steam or mechanical power, and used for lowering or raising persons, an adequate brake or brakes, and a proper indicator (in addition to any mark on the rope) showing, to the person who works the machine, the position of the cage, skip, bucket or tub in the shaft ; and, if the drum is not on the crank shaft, there shall be an adequate brake on the drum shaft :

Provided that in the case of a shaft not exceeding 100 feet in depth or of a shaft in course of sinking so much of this rule as requires an indicator shall not apply.

(c) Every apparatus on or in which persons ride in every working shaft, shall be provided with a sufficient cover overhead, except in a shaft not exceeding 150 feet in depth where buckets are used for

winding or in a shaft in course of sinking, or where persons are employed at work in a shaft.

- (d) Every working shaft used for the purpose of drawing mineral, or for lowering or raising persons, shall, if exceeding 150 feet in depth, be provided with proper means of communicating distinct and definite signals from the bottom of the shaft, and from every entrance for the time being in use between the surface and the bottom of the shaft, to the surface, and except in the case of a shaft in course of sinking, from the surface to the bottom of the shaft and to every entrance for the time being in use between the surface and the bottom of the shaft.
- (e) Every working shaft (except a shaft in course of sinking) used for lowering or raising persons shall, if exceeding 100 feet in depth, be provided with guides.
- (f) There shall be on the drum of every machine used for lowering or raising persons such flanges or horns or other appliances as may be sufficient to prevent the rope from slipping. The rope shall be securely fastened to the drum, and there shall be at least two turns of the rope on the drum, when the cage, skip, bucket or tub is at the bottom of the shaft. After any stoppage of winding for more than two hours, the cage, skip, bucket or tub shall, before any person is allowed to ride therein, be run a complete trip up and down the working portion of the shaft at least once, to ensure that everything is in good working order.
- (g) A competent person or persons appointed by the owner, agent or manager for the purpose shall, once at least in every 24 hours, examine the state of the external parts of the machinery and of the head-gear, ropes, chains, and other similar appliances of the mine which are in actual use both above ground and below ground, and shall, once at least in every week, examine the state of the shafts by which persons ascend or descend and the state of the guides and the conductors in the shafts, and shall without delay write or cause to be written a true report of the result of such examination; and every such report shall be recorded in a paged book to be kept at the mine for the purpose, and shall be signed and dated by the person who made the examination.

III.—ROADS AND WORKING PLACES.

3 The roofs and sides of all travelling roads and working places shall be made and kept secure.

4. (a) Every part of a mine in or through which any person has to work or pass, shall be inspected at least once during every twenty-four hours by a competent person or persons appointed by the owner, agent, or manager for the purpose of ascertaining the condition thereof so far as the presence of gas, ventilation, roof, sides, and general safety are concerned:

Provided that when a mine has been unworked for more than twenty-four hours, the inspection shall be made within two hours before any workman is allowed to pass a station or stations appointed by the manager at the entrance to the mine or different parts of the mine, as the case may require.

(b) Every person who makes such inspection shall without delay write or cause to be written a true report of the result of such inspection either during or at the close of such twenty-four hours, and every such report shall be recorded in a paged book to be kept at the mine for the purpose, and shall be signed and dated by the person who made the inspection.

5. If at any time it is found by the person for the time being in charge of a mine or any part thereof that, by reason of inflammable gases prevailing in the mine or part or of any cause whatever, the mine or part is dangerous, every workman shall be withdrawn from the mine or part, and a competent person appointed for the purpose shall inspect the mine or part, and, if the danger arises from inflammable gas, shall do so with a locked safety lamp, and

in every case shall make a true report of the condition of the mine or part; and no workman shall, except in so far as is necessary for enquiring into the cause of danger, or for the removal thereof, or for exploration, be readmitted into the mine or part, until the same is stated by the person appointed as aforesaid not to be dangerous. Every such report shall be recorded without delay in a paged book, which shall be kept at the mine for the purpose, and shall be dated and signed by the person who made the inspection.

6. Where a place is likely to contain a dangerous accumulation of water, the working approaching that place shall not at any point within 100 feet thereof exceed 8 feet in width or height, and there shall be constantly kept at a sufficient distance, not being less than 10 feet in advance, at least one bore-hole near the centre of the working, and sufficient bore-holes on each side, and where necessary, above or below.

7. Every entrance to any place, which is not in actual use or course of working and extension, shall be properly fenced across the whole width of the entrance, so as to prevent persons inadvertently entering the same.

8. Every underground plane on which persons travel and which is self-acting or worked by an engine, shall be provided (if exceeding 100 feet in length) with some proper means of communicating distinct and definite signals between the stopping places and the ends of the plane, and shall be provided in every case with sufficient manholes for places of refuge, occurring at intervals of not more than 60 feet, and being not less than 4 feet in height, 2 feet 3 inches in width, and 2 feet in depth.

IV.—PLANS.

9. The owner, agent, or manager of every mine shall keep in the office at the mine an accurate plan of the workings of the mine, on a scale not smaller than 200 feet to the inch, showing the workings up to a date not more than six months previously. It shall also show the shaft openings, and all those important surface marks within the boundaries, such as railways, which lie within 600 feet of any part of the mine workings, also the general direction and rate of dip of the strata, together with a statement of the depth of each shaft and a section of the seam or seams being worked:

Provided that the owner, agent or manager of a mine worked in the open and not under cover shall be exempt from the necessity of keeping such plans, unless required to do so by the Chief Inspector of Mines.

10. The owner, agent, or manager of every mine shall, at any time on the request of the Chief Inspector of Mines or of any Inspector of Mines, produce to him at the office at the mine such plan and section, and also, on the like request, mark on such plan and section the then state of the workings of the mine; and the Chief Inspector or Inspector shall be entitled to examine the plan and the section, and for official purposes to make or have a copy made of any part thereof, respectively.

11. If the owner, agent, or manager of a mine fails to keep, or wilfully refuses to produce or allow to be examined, the plan and section aforesaid, or wilfully withholds any portion thereof, or wilfully refuses on request to mark thereon the state of the workings of the mine, or conceals any part of these workings, or produces any imperfect or inaccurate plan or section, he shall (unless he shows that he was ignorant of the concealment, imperfection or inaccuracy) be guilty of an offence against these rules.

12. When a mine or seam is abandoned or the working thereof has been discontinued for more than a year, the owner of the mine or seam shall, within three months after the abandonment or within fifteen months after the discontinuance of working, send to the Chief Inspector of Mines the plan and sections which have been made for the mine or seam in compliance with these rules and showing the nearest surface boundaries in relation to the under-ground workings, or a true and accurate copy of the same; but no person except an Inspector of Mines shall be entitled, without the consent of the owner of the mine or seam, to see the plan when so sent until after the expiration of twelve years from the time of the abandonment.

V.—EXPLOSIVES.

13. No explosive substance shall be used below ground in a mine except under the following conditions, namely:—

- (a) It shall not be stored in the mine.
- (b) It shall not be taken into the mine except in secure cases or canisters, containing not more than five pounds each, and a workman shall not have in use or keep for use at one time in any one place more than one of such cases or canisters:

Provided that the Chief Inspector may, in special cases and by order in writing, permit, subject to such limitations as he may prescribe, the use at one time in one place of more than one of such cases or canisters.

- (c) In the process of charging or stemming for blasting, no person shall use or have in his possession any iron or steel pricker, scraper, tamping-rod, or stemmer, and only clay or other non-inflammable substances shall be used for tamping or stemming.
- (d) When a hole has been charged, the explosive shall not be unrammed, and no hole shall be bored at a distance of less than 12 inches from any hole where a charge has missed fire.
- (e) No defonator shall be carried or kept in the same case or canister with any other explosive material, or inserted into the priming cartridge until immediately before it is used.
- (f) No explosive shall be forcibly pressed into a hole of insufficient size.
- (g) In any place which is dry and dusty, or in which the use of a locked safety-lamp is for the time being required by or in pursuance of these rules, no shot shall be fired, except by and under the direction of a competent person appointed by the manager of the mine.

VI.—VENTILATION AND LIGHTING.

14. An adequate amount of ventilation shall be constantly produced in every mine to dilute and render harmless smoke and noxious gases to such an extent that the working places of the shafts, levels, and workings of the mine, and the travelling roads to and from these working places shall be in a fit state for working and passing therein.

15. No lamp or light other than a locked safety-lamp shall be allowed or used—

- (a) in any place in a mine in which there is or is likely to be any such quantity of inflammable gas as to render the use of naked lights dangerous; or
- (b) in any working approaching near a place in which there is likely to be an accumulation of inflammable gas;

and when it is necessary to work the coal in any part of a ventilating district with safety-lamps, it shall not be allowable to work the coal with naked lights in another part of the same ventilating district situated between the place where such lamps are being used and the return airway.

Explanation.—For the purposes of this rule, the expression “ventilating district” means such part of a seam as has an independent intake commencing from a main intake air course, and an independent return airway terminating at a main return air course.

16. Whenever safety-lamps are used, they shall be so constructed that they may be carried with safety against the air current ordinarily prevailing in the mine.

17. In any mine or part of a mine in which the use of safety-lamps is for the time being required by or in pursuance of these rules, the following provisions shall have effect, namely:—

- (a) A competent person shall be appointed by the manager to clean, trim, examine, and securely lock all such lamps before they are

taken into the workings for use, and such lamps shall not be used until they have been so examined and found to be in safe working order and securely locked.

(b) No safety-lamp shall be unlocked except at the appointed lamp station, or for the purpose of firing a shot.

(c) No person, unless he has been authorised in writing by the manager either for the purpose of examining safety-lamps or for the purpose of firing shots, shall have in his possession any contrivance for opening the lock of a safety-lamp.

Explanation.—For the purposes of this rule the term manager includes an under-manager and any person for the time being carrying on the duties of the manager.

(d) No person shall have in his possession any unlocked safety-lamp, naked light, match, smoking apparatus or apparatus of any kind for striking a light, except within a completely closed chamber attached to the fuse of the shot.

18. Where the use of safety-lamps is for the time being required by or in pursuance of these rules, the position of the lamp stations for lighting or relighting the lamps shall not be in the return air.

VII.—MISCELLANEOUS.

19. Every side entrance to a mine from the surface and the top, and all entrances between the top and the bottom including the sump (if any) of every working ventilating, or pumping shaft, shall be properly fenced: but this shall not be taken to forbid the temporary removal of the fence for the purpose of repairs or other operations, if proper precautions are used. Shafts temporarily or permanently out of use shall be properly fenced.

20. Every fly wheel and all exposed and dangerous parts of the machinery used in or about a mine shall be kept securely fenced.

21. Where no enactment for the regulation and inspection of steam-boilers and prime-movers is for the time being in force, every steam-boiler, whether separate or one of range, shall have attached to it a proper safety-valve, and also a proper steam-gauge and water-gauge to show respectively the pressure of steam and the height of water in each boiler.

22. Ambulances or stretchers with splints and bandages shall be kept ready at hand in a convenient place and in good and serviceable order at every mine.

23. Copies of all rules made under the Indian Mines Act, 1901, as applied to Berar, shall be kept at every mine, and shall be produced at any time on the request of an Inspector of Mines.

24. Where the natural strata are not safe, every working or pumping shaft shall be securely cased, lined, or otherwise made secure.

25. If in any mine the winding apparatus is not provided with some automatic contrivance to prevent over-winding, then the cage, skip, bucket or tub shall not, when persons are being raised in it, be wound up at a speed exceeding three miles an hour after it has reached a point in the shaft to be fixed by the special rules made for the mine under section 21 of the Indian Mines Act, 1901, as applied to Berar.

26. Where any person required by these rules, or by any special rule made under section 21 of the Indian Mines Act, 1901, as applied to Berar; to make any report is unable to write, he shall be present when his report is written for him, and shall have it read over to him, and shall attach his thumb-mark to it. The person writing the report shall also sign his name at the end, together with a statement that it has been read over to the person for whom it was written.

VIII.—RULES REGARDING CERTIFICATES, THE CONDITIONS ON WHICH THEY ARE GRANTED, AND THE QUALIFICATIONS WHICH THE MANAGERS OF THE VARIOUS CLASSES OF MINES MUST POSSESS.

27. For the purposes of rules 28 to 54, every system of underground workings interconnected in such a manner that communication is practicable from any one part of the system to any other part by means of underground channels shall be deemed to constitute a mine. If access from one system of underground workings to another such system is not practicable without coming to the surface of the ground, each such system shall be deemed to constitute a separate mine.

28. There shall be constituted a Board of Examiners for the purposes of these rules, which shall consist of the Chief Inspector of Mines for the time being, and of two other persons possessing technical qualifications fitting them to serve on the Board. One of these persons shall be the owner or manager of a mine, the other shall be a mining engineer. They shall be appointed by the Governor General in Council for a term of three years:

Provided that on the expiry of any term for which he has been appointed, any such person shall be eligible for re-appointment. Each such person shall receive such remuneration as the Governor General in Council may fix. The Chief Inspector of Mines shall be, *ex-officio*, President of the Board.

29. Certificates under these rules shall be granted by the Board of Examiners, and their decision regarding the grant of such certificates shall be final. Certificates granted by the Board shall hold good throughout Berar and shall be of two kinds, namely, certificates of competency and certificates of service, and of two classes of each kind, namely, first and second class.

30. Certificates of competency shall be granted to candidates after such examination as the Board of Examiners may from time to time prescribe. The examinations shall be held at such times, and at such centres, as may from time to time be fixed by the Board, and shall be conducted by local examiners, who shall be appointed by the Board. The local examiners as appointed shall be subject to the orders of the Board in respect of all matters relative to the conduct of the examinations, and they shall receive such remuneration as the Board with the sanction of the Governor General in Council may fix. The Board may from time to time make regulations as to the conduct of such examinations; and they shall, so far as this is practicable, take steps, that the standard of knowledge which a candidate must attain before he obtains a certificate of competency of any particular class shall be the same as in British India.

Every regulation made by the Board under this rule shall be published in the local official gazette, no such regulations shall take effect until six months from the date on which it was first so published.

31. Full information regarding the date and place of each examination shall be published, under the orders of the Board of Examiners, in each issue of the local official Gazette, and in such other publications as the Board may consider desirable, for a period of not less than three months prior to the date fixed therefor.

32. No person shall be admitted as a candidate at any examination for a first class certificate of competency unless he has attained the age of 23 years, and has satisfied the Board of Examiners that he has had practical experience, in a coal mine for a period of not less than five years:

Provided that this period shall be reduced to four years, and may, if the Board of Examiners think fit, be further reduced to three years, in the case of a candidate who has received a diploma in scientific and mining training after a course of study of at least two years at an educational institution approved in this behalf by the Governor General in Council, or who has taken a degree in scientific and mining subjects at a University approved in this behalf by the Governor General in Council.

33. No person shall be admitted as a candidate at any examination for a second class certificate of competency unless he has attained the age of 21 years,

and has satisfied the Board of Examiners that he has had practical experience in a coal mine for a period of not less than three years :

Provided that this period shall be reduced to two years, and may, if the Board of Examiners think fit, be further reduced to one year, in the case of a candidate who has received a diploma in scientific and mining training after a course of study of at least two years at an educational institution approved in this behalf by the Governor General in Council, or who has taken a degree in scientific and mining subjects at a University approved in this behalf by the Governor General in Council.

34. A fee of Rs. 15 shall be paid by every candidate attending an examination for a first class certificate of competency and a fee of Rs. 8 shall be paid by every candidate attending an examination for a second class certificate of competency.

These fees shall be paid, not less than one month prior to the date of the examination, to the Chief Inspector of Mines at his office.*

35. The Board of Examiners may grant without examination to any person holding a first or second class certificate granted under any Act for the regulation of mines for the time being in force in the United Kingdom, or in any British Colony, a certificate of a similar class under these rules. They may also grant to any person holding a certificate of proficiency in mining, if approved by them, a certificate under these rules, of the first or second class, if they are satisfied that the applicant possesses sufficient knowledge and experience to warrant them in doing so :

Provided that the applicant has in every such case, adduced proof to the satisfaction of the Board of his identity and good character.

A fee of Rs. 5 shall be charged in respect of all applications for certificates to be issued under this rule. The fee shall be paid to the Chief Inspector of Mines, and the application for the grant of a certificate shall not be considered by the Board until the Chief Inspector of Mines certifies that the fee chargeable has been paid.

36. A first class certificate of service may be granted by the Board of Examiners to any person who satisfies them that he has acted for at least five years prior to the date fixed in rule 48 as the manager of a coal mine in India, in which during the time he has so acted as manager, more than 150 persons have on an average been employed below ground simultaneously, or the average output of which has exceeded 1,800 tons of coal a month :

Provided that the said period of five years may be reduced to three, at the discretion of the Board of Examiners, in the case of any such certificate which may be applied for before the 25th day of August 1913.

37. A second class certificate of service may be granted by the Board of Examiners to any person who satisfies them that he has acted for at least three years prior to the date fixed in rule 48 below, as the manager of a coal mine in India in which, during the time he has so acted as manager, more than 50 persons were on an average employed underground simultaneously or the average output of which exceeded 600 tons of coal a month.

38. Notwithstanding anything in rule 36 or 37, a certificate of service of either class may be granted by the Board of Examiners at their sole discretion to any person who is, in their opinion, possessed of sufficient knowledge and experience to warrant them in granting such a certificate.

39. All applications for certificates of service shall be addressed to the Chief Inspector of Mines and shall state the name, age, place of birth, and place of

* NOTE.—The fees may be remitted by Money Order or paid in any other manner.

employment of the applicant. The length and character of the mining experience possessed by the applicant shall also be detailed, and this statement shall be supported by the production of such documents as the applicant may be in a position to furnish.

40. A fee of Rs. 5 shall be paid in respect of each application for a certificate of service, of either class. This fee shall be paid to the Chief Inspector of Mines at his office.*

41. Permits authorising particular persons to hold charge as managers of mines of the class described in rule 47 may be granted by the Chief Inspector of Mines, at his sole discretion. Such permits shall be signed by the Chief Inspector of Mines, and shall remain in force for such period, not exceeding one year, as he may specify therein. A permit may be cancelled at any time by the Chief Inspector of Mines without assigning any reason for his action, and such order shall be final. The Chief Inspector of Mines may renew any permit for a further period not exceeding one year after the expiry of the period for which the permit was originally granted.

42. A register, showing the names and addresses of all holders of certificates or permits issued under these rules, shall be maintained in the office of the Chief Inspector of Mines.

43. If any person proves to the satisfaction of the Board of Examiners that he has, without any fault on his part, lost or been deprived of a certificate granted to him under these rules, otherwise than in accordance with any order made under rule 44, the Board of Examiners may, upon such terms and conditions as they may determine, cause a copy of the certificate to which the applicant appears by the register to be entitled, to be delivered to him. The word "Duplicate" shall be stamped across every such copy, and a fee of Rs. 2, which shall be payable in advance, to the Chief Inspector of Mines at his office, shall be charged for it.

44. If at any time a representation is made by the Chief Inspector of Mines to the Local Government that the holder of a certificate granted under these rules has been guilty of misconduct or incompetency in the discharge of his duties or has been convicted of an offence under the Indian Mines Act, 1901, or the rules made under that Act, punishable with fine which may extend to Rs. 500, or with imprisonment which may extend to three months, the Local Government may cause an inquiry to be made into the matter; and with respect to such inquiry the following provisions shall have effect, namely:

- (a) The inquiry shall be public, and shall be held at such place as the Local Government may appoint, and by such person or uneven number of persons as it may direct (hereinafter referred to as "the Court"), either alone or with the assistance of any assessor or assessors named by the Local Government. Such assessors shall be practical mining engineers or persons with a knowledge of the practical working of mines. The functions of the assessors shall be purely advisory and they shall not be regarded as members of the Court.
- (b) The Local Government shall, before the commencement of the inquiry, furnish the person whose conduct is under inquiry, with a copy of the representation on which the inquiry is instituted.
- (c) The Local Government may appoint any person to undertake the management of the case.
- (d) The person whose conduct is under inquiry may attend the inquiry; and may either conduct his case personally or be represented by any other person approved by the Court.

*NOTE.—The fees may be remitted by Money Order or paid in any other manner.

(e) If a majority of the persons constituting the Court thinks fit, the person whose conduct is under inquiry may be required to deliver up his certificate at any time before or during the inquiry and such person shall be bound to comply with such requisition, unless he shows sufficient cause to the contrary.

(f) The Court shall, on the conclusion of the inquiry, send to the Local Government a report containing a full statement of the case together with its opinion thereon and such account of or extracts from the evidence as it may think fit; and, if it considers that the certificate in question should be cancelled or suspended, it shall add a recommendation to that effect. In the event of the members of the Court disagreeing in their opinion or recommendations, the dissentient or dissentients from the opinion of the majority may forward a separate report to the Local Government with a statement of their recommendations.

(g) After considering the report or reports and recommendation or recommendations (if any) submitted under clause (f), the Local Government may cancel or suspend the certificate and, if it does so, the fact of such cancellation or suspension shall, if the certificate is produced, be endorsed upon it, and, if it is not produced or if at any time a duplicate has been granted under rule 43, be notified in the *Gazette of India* and in the local official Gazette.

45. Save as provided in rules 49 and 50, no person shall act as manager of a mine in which more than 150 persons are on an average employed underground simultaneously, or the average output of which exceeds 1,800 tons a month, unless he holds a first class certificate granted under these rules.

46. Save as provided in rules 49 and 50, no person shall act as manager of a mine in which more than 50 or less than 150 persons are on an average employed underground simultaneously, or the average output of which exceeds 600 tons and does not exceed 1,800 tons a month unless he holds a first or second class certificate granted under these rules.

47. Save as provided in rules 49 and 50, no person shall act as the manager of a mine in which not more than 50 persons are on an average employed underground simultaneously, or the average output of which does not exceed 600 tons a month, unless he is the holder of a first or second class certificate, or of a permit, granted under these rules. If the Chief Inspector of Mines should by written order so require, no person shall act as the manager of such a mine unless he is the holder of a first or second class certificate granted under these rules.

48. Rules 45 to 47 shall not come into force until the 25th day of February 1912.

49. Notwithstanding anything in rules 45 to 47, the Chief Inspector of Mines may authorise any person, whom he may consider competent, to act as manager of any mine for a specified period, whether that person does or does not hold any certificate or permit under these rules. The Chief Inspector of Mines may revoke such an authority at any time, without giving any reason for his action and at his sole discretion, and such order shall be final.

50. Notwithstanding anything in the preceding rules, the owner, agent, or manager of a mine may, in emergent cases, authorise any person whom he may consider competent to act as manager of the mine which he owns, or for which he is agent or manager :

Provided that no such authority shall extend for a period in excess of four weeks, and that the owner, agent or manager shall send to the Chief

Inspector of Mines, with the least possible delay, a written notice intimating that such an appointment has been made, and stating the emergent nature of the circumstances. The Chief Inspector of Mines may revoke any authority so granted, and such order shall be final.

51. Save as provided in rule 52 no person shall act as manager of more than one mine.

52. Managers holding first or second class certificates may, at the discretion of the Chief Inspector of Mines, be allowed to manage more than one mine, if the Chief Inspector is of opinion that the mines supervised by them are near enough to one another to permit of effective supervision being exercised, and that an adequate subordinate supervising staff is maintained at such mines.

53. (a) The owner, agent, or manager of every mine shall supply the Chief Inspector of Mines, within one month from the date on which these rules come into force, with the following information, namely:

(1) The full name and address of each manager; (2) the number and class of the certificates held by them; (3) the name of the mines or particulars sufficient to identify the portions of the mines, in the charge of each such manager.

(b) All changes in the addresses of such managers, and all new appointments, shall be reported within one month to the Chief Inspector of Mines. The information referred to in sub-clause (a) above shall also be supplied in writing by the owner, agent, or manager to the Chief Inspector of Mines in respect of all new appointments which may subsequently be made.

54. Save as provided in rules 41, 49 and 50 an appeal may be referred to the Mining Board in respect of any order passed by the Chief Inspector of Mines in virtue of the powers conferred on him by these rules, and the order of the Mining Board thereon shall be final. If no Mining Board has been constituted, the appeal shall lie to the Local Government, and the order by the Local Government thereon shall be final.

WASTE-LANDS.

13. (1) Subject to the rights and powers of the Government in respect to seigniorage and forest conservancy as defined in this Regulation or in rules made thereunder, and subject also to the claims of right-holders not being owners of the soil, all waste-lands are the property, held jointly or severally, as the case may be, of the land-owners of the village in whose boundaries they are included; and such land-owners are entitled to use free of charge for their own domestic and agricultural requirements any trees and forest-produce found in those waste-lands. But they shall have no right or power to sell any trees or brushwood growing in such lands except with the permission of the Deputy Commissioner or other officer authorised by the Government and under such conditions as the Deputy Commissioner or other officer aforesaid may impose; and all such sales shall be subject to payment to the Government of seigniorage-fees as provided by section 29.

(2) The claims of right-holders other than land-owners of the village shall be recognised to

the extent defined and recorded at settlement, or, in case of doubt or dispute, to the extent which may hereafter be defined by the Deputy Commissioner with the sanction of the Local Government, and the exercise of such rights shall be subject to the provisions of this Regulation and the rules made thereunder.

(3) All deodar trees in the Kaghan Ilaga shall be deemed to be the property of the Government, and nothing in this section shall be held to affect the right of the Government thereto.

14. (1) Whenever it appears to be necessary to prohibit the breaking up for cultivation of waste-land or its occupation as sites for sheds, buildings or enclosures in order to the better protection of—

- (a) the crests and slopes immediately below the crests of hills within the limits of tree vegetation,
- (b) catchment-basins of streams, torrents or ravines,
- (c) the banks and beds of rivers, streams, torrents and ravines,
- (d) steep slopes,
- (e) waste-lands which, though not situated in any of the above positions, are nevertheless of such value or utility for the supply of forest-produce or otherwise that their breaking up or occupation would in the judgment of the Deputy Commissioner be inadvisable,

the Deputy Commissioner may issue orders prohibiting the breaking up or occupation of such waste-land, and defining the area to which such prohibition shall extend, and may cause the limits of such area to be shown on the village-map and to be demarcated on the ground with boundary-marks so far as may be necessary.

(2) All orders passed by the Settlement-officer under section 11 of the Hazara Forest Regulation, 1893, at the second regular settlement of the Hazara District shall be deemed to be orders passed under this section.

(3) No such order as is referred to in sub-section (1) or sub-section (2) shall be cancelled by the Deputy Commissioner without the sanction of the Revenue Commissioner, but the Deputy Commissioner may from time to time revise such orders by altering the boundary of the protected land so as to exclude any particular plot the protection of which may appear to be unnecessary.

15. (1) If the Deputy Commissioner is of opinion that in any estate the supply of grass, trees or brushwood is not adequate for the present and prospective wants of the residents, he may direct that an area of waste-land not exceeding one-fifth of the total uncultivated area of the estate shall be set apart in a convenient and suitable position, and may record a proceeding providing—

- (a) for the prohibition within this area of all or any of the acts detailed in sub-section (1) of section 9;
- (b) for the enjoyment of its produce by the residents of the estate and any other right-holders and for the due regulation of that enjoyment;

(c) for the recovery of costs of management of the area from the said residents and right-holders.

(2) No compensation shall be claimable by the owners or other right-holders of such land in respect of any orders passed under this section.

16. If in any case such proportion of the land-owners of the estate as

Power to set apart waste-land for growth of trees, brushwood or grass on application of land-owners.

pay not less than two-thirds of the land-revenue due thereon, make an application to the Deputy Commissioner requesting that a

stated area of waste-land owned in common by them be set apart for the growth of trees, brushwood or grass, the Deputy Commissioner shall have power to proceed in respect of that area as provided in section 15.

17. (1) If the Deputy Commissioner is of opinion that it is necessary to guard more securely against erosion or the formation or extension of ravines or landslips, he may issue special orders prohibiting within the area likely to be affected or that adjacent thereto all or any of the acts detailed in sub-section (1) of section 9, or permitting them only on such conditions as he may see fit to impose.

(2) No compensation shall be claimable by the owners or other right-holders of such land in respect of any orders passed under this section.

18. (1) The Deputy Commissioner may appoint village-forest-officers to manage the forestry of waste-lands and may issue general or special management orders to such officers for the prohibition of the barking, boring, girdling or otherwise injuring of trees or brushwood and for the regulation of the felling or lopping of trees or brushwood in such waste-lands for village requirements.

(2) In case of any contravention of orders issued under sub-section (1), the Deputy Commissioner may direct that no trees be felled in the waste without the previous permission in writing of himself or of such officials as may be authorized by him in this behalf; and if permission to sell brushwood has been accorded he may cancel such permission.

19. The Deputy Commissioner may issue special orders in writing permitting the firing of any waste-lands within such limits and subject to such conditions as he may think fit.

20. Every village-officer and village-forest-officer shall be bound to report any breaking up of waste-land protected under section 14 and any breach of any order passed under the provisions of this Chapter as soon as the fact comes to his knowledge.

21. The Deputy Commissioner may cause to be summarily ejected any person cultivating land or committing any other act in contravention of an order passed under section 14, section 15, section 16 or section 17, and may direct that any building or enclosures erected or

grown on such land in contravention of such order shall be confiscated.

22. Where waste-land which has been recorded at settlement as shamilat or common land or which has been specially reserved as a grazing ground or as a fuel or timber preserve of the village is broken into by cultivation, the Deputy Commissioner, on the application of any right-holder in the village or of his own motion, may eject the author of the encroachment and forbid its repetition by a proclamation published in like manner as a proclamation under section 22 of the Punjab Land-revenue Act, 1857.

23. Where the Deputy Commissioner permits the breaking up and cultivation of land in protected waste or where land has been broken up without his permission, and he does not think it necessary or expedient to stop the cultivation thereof, he may impose on the land newly brought under cultivation an assessment at rates which shall not exceed double the rates on land of similar quality in the same or adjacent villages and, in cases where application has been made for his sanction previous to the breaking up of the land, shall ordinarily not be higher than those rates. Such assessment shall not be a bar to a prosecution under section 28 in cases of unauthorised cultivation.

24. The Deputy Commissioner may issue general or special orders forbidding the felling of or injury to any kinds of trees growing in groves near villages, along roads, at burying places or shrines or near springs and streams.

25. (1) In the case of existing cultivation in dangerous positions on hillsides the Deputy Commissioner may require the owner or tenant of the land so cultivated to protect it by a retaining wall or to take such other precaution to ensure the stability of the soil as he may deem necessary.

(2) Should the owner or tenant fail to comply with the requisition within a reasonable time and also persist in cultivating the land, the Deputy Commissioner may summarily eject him from so much of the land as may be in danger and deal with it in accordance with the provisions of section 17.

(3) Similarly, the Deputy Commissioner may direct that any extension of cultivation after the date of the introduction of the second regular settlement in dangerous positions on a hillside shall be protected by retaining walls, and may summarily eject the cultivator of such land if he fails to comply with the order.

(4) No compensation shall be claimable by the owner or tenant of such land in respect of any order passed under this section.

26. (1) Where after the date of the introduction of the second regular settlement land is brought into cultivation in dangerous positions on hillsides and the slope is too steep to admit of the construction of retaining walls, the Deputy Commissioner may, if he is of opinion that the prohibition of such cultivation is in the general interests of the village,

eject the person cultivating and direct that the land remain uncultivated in future.

(2) No compensation shall be claimable by the person ejected in respect of any order passed under this section.

27. The cost of management of any waste-land, and of the demarcation of any waste-land directed by the Deputy Commissioner to be demarcated in accordance with the provisions of this Chapter, may be recovered from all land-owners, or from all land-owners and right-holders, concerned as an arrear of land-revenue.

28. Whoever commits or abets the commission of any of the following offences in waste-lands, namely:—

- (1) breaks up or occupies or, being the owner of the land or a joint owner thereof, permits the breaking up or occupation of any waste-land protected under section 14;
- (2) contravenes any order passed under section 15, section 16, section 17, section 22, section 24, section 25 or section 26;

DUTIES AND FEES.

Seigniorage-fees.

29. (1) In the case of—

- (a) trees felled in reserved forests,
- (b) firewood supplied for kilns from the same, and
- (c) deodar trees felled in the waste-lands of villages in the Kaghan Ilaka,

the Forest-officer shall credit to the Government as forest-revenue the price realised by the sale of such trees or firewood, and on the other hand debit to the Government and pay to the right-holders entitled thereto in such manner as the Deputy Commissioner may direct the seigniorage-fees due according to the list of such fees that is in force for the time being.

(2) Similarly, in the case of trees which are sold from waste-lands, the Deputy Commissioner shall credit to the Government as forest-revenue the seigniorage-fees, and the balance of the price realised shall be paid to the right-holders entitled thereto: Provided that the trees referred to in this sub-section are of one or other of the kinds entered in the seigniorage list which is in force for the time being.

(3) The list of the seigniorage-fees in force at the commencement of this Regulation is hereby maintained.

(4) With the previous sanction of the Governor General in Council, the Local Government may, with due reference to the average actual prices realisable for timber or fuel, revise the rates of fees in such list and may add trees to it or exclude trees from it.

(5) The fees may be uniform throughout the district or varied in different parts thereof, but shall not exceed in any case a fair estimate of half the average net profits realisable on the sales.

(6) Whenever the list of seigniorage-fees has been revised, the Local Government shall publish a notification in the official Gazette which shall set forth the rates of seigniorage-fees payable, the circumstances under which any trees have been exempted from charge, and such other matters connected with seigniorage-payments as the Local Government may see fit to regulate.

30. The Local Government may direct the levy of a duty in such manner, at such places and at such rates, *ad valorem* or otherwise, as it may prescribe by notification in the official Gazette, on all timber produced in the Hazara District or brought into that district from beyond the frontier or elsewhere.

- (c) the collection and disposal of waif and unowned timber or of any forest-produce; and
- (d) the use of property-marks for timber and the registration of such marks;

(3) Due public notice shall be given from time to time of such collection, and any person claiming such timber shall be required to present a written statement of his claim within two months from the date of such notice.

33. (1) When any such statement is presented Procedure on claim as aforesaid, the Forest-officer may, after making such inquiry as he thinks fit, either reject the claim after recording his reason for so doing, or deliver the timber to the claimant.

(2) If such timber is claimed by more than one person, the Forest-officer may either deliver the same to any of such persons whom he deems entitled thereto, or may refer the claimants to the Civil Courts, and retain the timber pending the receipt of an order from any such Court for its disposal.

(3) Any person whose claim has been rejected under this section may, within three months from the date of such rejection, institute a suit to recover possession of the timber claimed by him; but no person shall recover any compensation or costs against the Government, or against any Forest-officer, on account of such rejection, or the detention or removal of any timber, or the delivery thereof to any other person under this section.

(4) No such timber shall be subject to process of any Civil, Criminal or Revenue Court until it has been delivered, or a suit has been brought, as provided in this section.

34. If no such statement is presented as aforesaid, or if the claimant omits to prefer his claim in the manner and within the period prescribed by the notice issued under section 32, or, on such claim having been so preferred by him and having been rejected, omits to institute a suit to recover possession of such timber within the further period limited by section 33, the ownership of such timber shall vest in the Government, or, when such timber has been delivered to another person under section 33, in such other person, free from all incumbrances not created by him.

35. The Government shall not be responsible for any loss or damage which may occur in respect of any forest-produce while at a depôt or while detained elsewhere for the purposes of this Regulation; and no Forest-officer shall be responsible for any such loss or damage unless he has caused such loss or damage negligently, maliciously or fraudulently.

No. 2485-Est. A.

The 1st September 1911.

RESOLUTION—By the Government of India, Foreign Department.

In the Resolution of the Government of India in the Foreign Department No. 1573-G., dated the 13th July 1906, the Governor-General in Council announced that His Majesty's Secretary of State for India had sanctioned the introduction of a scheme for the reorganisation of the Political Department of the Government of India. The main feature of the scheme was the establishment of a dual cadre giving different rates of promotion to members of the Indian Civil Service (including members of the Punjab Commission) on the one hand and to Military and other members of the Department on the other. This scheme which was of a tentative character only and now has been in operation for more than five years has in the opinion of the Governor-General in Council proved inconvenient and unsatisfactory and has failed to meet the legitimate expectations of the members of the Department. The position has further been complicated by considerable reductions in the strength of the Department which have been rendered necessary by the abolition of certain appointments in Rajputana and Persia. In the circumstances and in view of representations which have reached him from various quarters, the Governor-General in Council has had under consideration the possibility of devising some alternative scheme which would at the same time remove the objections to the existing system and simplify the reconstruction of the Department on its reduced basis. The objects to be sought were, firstly the abolition of the dual cadre with its attendant anomalies and inconveniences, secondly the amelioration of the position of officers now on the General cadre, and thirdly the introduction of a scale of pay which would assure a steady flow of promotion to officers at present in the Department and to those who may hereafter be admitted to it.

2. The Governor-General in Council now desires to announce that His Majesty's Secretary of State for India has sanctioned the introduction, with effect from the 21st May 1911, of a revised scheme, the principle of which is to substitute for the graded system hitherto in force a time-scale of pay, at uniform rates, for all members of the Department below the grade of Resident, with additional personal allowances for members of the Indian Civil Service and of the Punjab Commission, calculated at a rate which will give them approximately the emoluments which they might expect to draw in the Provinces. Acting or charge allowances under chapters V to VII of the Civil Service Regulations will not be given within the time-scale except as provided in clause (3) of paragraph 4. But an officer on time-scale pay officiating as, or placed in charge of the duties of, a Resident will get the acting or charge allowance admissible under the Civil Service Regulations; and all officers will continue to receive the charge allowances admissible under Chapter VIII of the Regulations. The rates of pay and personal allowances are shown in the following table.

Maximum pay of officers on time-scale, Rs. 2,400.

3. Above the time-scale will remain 15 selection posts, viz., 6 Residents, 1st class; and 9 Residents, 2nd class; the latter appointments carrying a uniform rate of pay of Rs. 2,750 a month. Promotion to these appointments will continue to be by selection, not only from the Department, but, if necessary, from outside it.

4. In order to guard against any possible ill-effects of the introduction of a time-scale of pay, the following rules will be observed :—

- (1) No officer shall draw more than Rs. 850 a month unless he is reported to be fully qualified for the charge of a "superior" post. An officer whose pay is restricted under the operation of this rule will ordinarily lose in seniority.
- (2) No officer shall draw more than Rs. 1,250 a month unless he actually holds a 'superior' post or is employed on special duty which is declared at the time to be of the nature of a "superior" post.
- (3) An officer who has not completed 9 years' civil service shall draw, when posted to an appointment classed as "superior," a charge allowance of Rs. 200 a month, subject to the condition that his salary (excluding the personal allowance for members of the Indian Civil Service and of the Punjab Commission) shall not exceed Rs. 1,000 a month.

5. The Department will henceforth be constituted as follows :—

Selection posts	15
Appointments on a time-scale of pay	122
						—
Total strength						137
						—

Under normal circumstances the Department will consist of 40 members of the Indian Civil Service or of the Punjab Commission and 97 military or other officers. The appointments included in the cadre of the Department, as well as those classified as "superior" are shown in the list attached to this Resolution.

6. The existing local and language allowances will be retained subject to the following modifications :—

- (1) A local allowance of Rs. 150 a month will be attached to the appointment of Resident, Western Rajputana States, in consideration of the addition to his duties of the political charge of the Bikaner State.
- (2) A similar local allowance of Rs. 150 a month will be attached to the appointment of Resident at Jaipur, in consideration of the addition to his duties of the political charge of the Tonk State. This allowance will, however, be held in abeyance during such periods as an Assistant may be posted to the Jaipur Residency.
- (3) A local allowance of Rs. 150 a month will be attached to the appointments of Divisional Judge, Peshawar, and Divisional Judge, Derajat.
- (4) The local allowance of Rs. 250 a month attached to the appointment of Revenue Commissioner, North-West Frontier Province, will be abolished, as the pay of that appointment is now increased to Rs. 2,750 a month.

- (5) The local allowance attached to the appointment of District Judge, Peshawar, will be reduced from Rs. 200 to Rs. 100 a month. The allowance will be subject as at present to the condition that the sum of salary and local allowance shall not exceed Rs. 1,300 a month.

7. In view of the substantial increase of emoluments which the majority of the members of the Department will enjoy as a result of the introduction of the new scheme Exchange Compensation Allowance will be discontinued to all officers, except to those substantive or officiating in the grades of Resident.

8. There are certain subsidiary points in connection with the scheme which require special mention. The first of these is the question of the date from which officers of the present General cadre should count service for seniority and for increment under the time-scale. As a general principle, all continuous service under the Foreign Department will be allowed to count, subject to the proviso that the present order of seniority among officers of the General cadre will remain unaltered, and that no officer will be permitted to draw as substantive pay, exclusive of personal allowance, more than any officer who stands above him on the graded list.

In several instances, however, officers have been brought into the Department at an age and at a period of service beyond the ordinary limit in consideration of special qualifications or for special reasons. It has been decided to treat such officers as exceptions to the principle referred to above, and to allow them, for the purpose of reckoning their pay and seniority, to count their service from the date of commencement of civil service of the next officer below them on the list, who was admitted to the Department under normal conditions.

9. A further point is the question of the relative seniority to be accorded to civilians and military officers in the new scheme. The principle adopted in preparing the amalgamated list has been to grade all officers already in the Department subject to the provisions of the preceding paragraph, simply in accordance with their length of civil service, with the proviso that, when a member of the Indian Civil Service or of the Punjab Commission and a Military or other Political Officer commenced their service, civil or political, in the same year, the former will be treated as the senior. This corresponds to the rule in the Punjab, Burma and the old Assam Commissions. This principle will, however, only apply to the cases of officers already in the Department; future entrants, both civilians and military officers, being graded strictly in accordance with the date from which each officer is entitled to count his service for increment under the time-scale.

10. Although, in the opinion of the Governor-General in Council, the scheme outlined in the foregoing paragraphs is calculated to remove existing grievances and to satisfy the reasonable aspirations of officers in the Department, in a few individual cases there will be an immediate loss of salary. To compensate for such loss it has been decided to grant a personal allowance to each officer whose average salary for a fixed period previous to the introduction of the scheme has exceeded that which the time-scale *plus* the charge allowance in the case of junior officers holding superior appointments gives him. Separate orders will be issued later as to the principles on which such allowances will be calculated.

11. No refund of pay or allowances drawn by officers in the interval between the 21st May 1911, and the date of these orders will be required on the ground of the retrospective sanction accorded to the new scheme.

No. 6436-152.—In exercise of the powers conferred by Section 20 of the Indian Mines Act, 1901 (VIII of 1901), the Governor General in Council is pleased to make the following rules, for the whole of British India, in respect of mica, manganese, and limestone mines, other than mines which have been exempted from the operation of the Act under Section 29 thereof.

PART I.

MANAGEMENT.

1. When a change occurs in the name or address of the manager of a mine, notice of the change shall be sent within one month, by the owner, agent or manager, to the Chief Inspector of Mines in India and also to the Magistrate of the District.

2. For every mine a book, to be called the Inspection Book, shall be kept, in which Inspecting Officers shall record their observations. The owner, agent or manager shall also write or cause to be written at the commencement of the book—

- (a) the name of the mine,
- (b) the name and address of the owner of the mine and of the agent (if any),
- (c) the name and address of the manager of the mine,
- (d) the name of the competent person or persons appointed under Rule 3, and
- (e) the system of signals provided in accordance with Rule 12.

3. The manager or some competent person or persons appointed in writing, by the owner, agent or manager for the purpose shall, at least once in every 24 hours, inspect every part of a mine in or through which any person has to work or pass, and, if more than 20 persons are employed in the mine simultaneously, shall without delay write or cause to be written a report of such inspection in a book, to be called the Daily Report Book. Every such report shall be signed by the person making the inspection.

4. Where any person required by these rules, or by any special rule made under Section 21 of the Indian Mines Act, 1901, to make any report is unable to write, he shall be present when his report is written for him, and shall have it read over to him, and shall attach his thumb-mark to it. The person writing the report shall also sign his name at the end, together with a statement that it has been read over to the person for whom it was written.

5. All books which are required to be kept under these rules, together with a copy of the Indian Mines Act and of all rules applicable to the mine, shall be kept at an office or other building as near as conveniently may be to, and used in connection with the working of the mine, and shall be produced on the request of an Inspector of Mines, a Magistrate, or any person authorised in that behalf by the local Government.

PART II.

SHAFTS AND OUTLETS.

6. (a) At every mine, other than an open quarry, where more than 20 persons are employed below ground, or where in the opinion of the local Government it is necessary, there

shall be at least two shafts or outlets, not nearer to one another than twenty feet, affording separate means of ingress and egress available to all the persons employed in the mine.

(b) Proper arrangements shall be made for persons to descend to and ascend from the mine at each of such shafts or outlets. If apparatus is necessary, it shall be kept on the works belonging to the mine and shall be constantly available for use.

(c) The foregoing provisions of this rule with respect to shafts and outlets shall not apply—

(i) while a shaft is being sunk or an outlet being made;

(ii) to any working for the purpose of making a communication between two or more shafts or outlets.

(d) In cases where there are special difficulties which make compliance with the foregoing provisions of this rule not reasonably practicable, the mine may be exempted therefrom by the local Government, subject to such conditions as it may think fit to impose.

PART III.

VENTILATION.

7. An adequate amount of ventilation shall be constantly produced in every mine, to such an extent that the shafts, tunnels and working places of the mine, and the travelling roads leading thereto, shall be in a fit state for working and passing therein.

PART IV.

EXPLOSIVES AND SHOT-FIRING.

Storage of explosives in mines prohibited.

8. No explosive substance shall be stored in the mine.

9. No explosive substance shall be taken into the mine except in secured cases or boxes, containing not more than 5 lbs. each, and a person shall not have in use, or keep for use, at one time in any one place within the mine, more than one of such cases or boxes. The place in the mine at which any such case or box is in use or is kept for use, unless solid ground directly intervenes, shall not be less than thirty feet from a place at which any other such case or box is in use or kept for use.

Provided that an Inspector of Mines may, in special cases and by order in writing, permit, subject to such limitations as he may prescribe, the use at one time in one place of more than one of such cases or boxes.

10. No detonator shall be carried or kept in the same case or box with any other explosive material.

Detonators.

11. No person shall use any iron or steel implement in the process of charging or stemming for blasting.

Iron or steel implements.

12. Blasting shall not be commenced until such warning as will prevent danger to the persons working in the mine and its vicinity has been given, by an efficient system of signals or by other means arranged by the manager. Notice shall similarly be given as soon as blasting is finished.

Warning to be given before and after blasting.

13. If a shot has, or appears to have, missed fire, no person shall approach the place until at least one hour has elapsed, unless the attempt to fire the shot has been made by electrical means, when this interval may be reduced to fifteen minutes after the battery has been disconnected.

Misfire.

14. After a hole has been charged and made ready for firing, no person shall remove or attempt to remove anything therefrom.

Removal of things from holes which have been charged.

15. A new shot-hole shall not be commenced in any portion of a shot-hole left by a previous shot.

New shot-holes.

16. If a shot has missed fire, no new hole shall be commenced within twelve inches from the hole in which the misfire occurred, and care shall be taken to drill the hole in such a direction that there is no danger of touching the unexploded charge.

The new hole shall be bored in the presence of the manager or of the person who exercises daily personal supervision over the mine or that section thereof, and also, if possible, of the man who bored the hole in which the misfire occurred. Such manager or person exercising daily personal supervision shall also be present during any operations undertaken for the removal of rock within six feet of the unexploded charge.

PART V.

SAFETY OF PERSONS EMPLOYED.

17. The roofs and sides of all travelling roads and working places shall be made and kept secure.
Roofs and sides of travelling roads and working places.

18. In open workings the overburden and all loose ground and material shall be removed sufficiently far from the edge, or otherwise made secure, in order to prevent danger to persons employed in the mine.
Overburden, loose ground and material.

19. The sides of open workings shall be sloped, stepped or secured, in such a manner as to prevent danger from falls of material.
Sides of open workings.

20. When an open working is worked in steps, the steps shall be of sufficient breadth in comparison with their height to secure safety.

RESOLUTION—By the Government of India, Finance Department.

READ—

Resolution by the Government of India in the Finance Department, No. 2998-P., dated the 16th May 1907.

Despatch from His Majesty's Secretary of State, No. 91-Public, dated the 18th June 1909.

The Government of India consider it desirable to call attention to the orders of the Secretary of State for India requiring officers on leave out of India to obtain his sanction before taking up private employment. They have further decided to extend the authority granted to Local Governments in the Resolution above cited to permit officers on leave to

accept employment outside Government service. The Governor-General in Council is accordingly pleased to revise as follows the orders contained in that Resolution.

2. The Government of India desire to repeat that inasmuch as leave is intended as a period of recreation and rest and is granted to an officer for the purpose of recruiting his health, it follows that taking up employment during leave is not permissible save in exceptional circumstances and with special sanction.

3. A gazetted officer who is in receipt of furlough or leave allowances must obtain, if he is resident out of India, the previous sanction of the Secretary of State, or if resident in India, that of the Local Government, or (if he is serving under the Government of India) of the Government of India, before taking service under an employer other than Government or accepting any employment, not being under Government, which involves the receipt of a fee or honorarium. In the case, however, of a non-gazetted officer resident in India the special permission of the officer empowered to appoint him may be accepted as sufficient authority.

NOTE.—This condition is not to be held to apply to the receipt of fees for literary work, or for service as an Examiner, or to similar employment.

4. The orders contained in the preceding paragraphs refer to the acceptance of employment of any description whatever, not being employment of the kind for which the Foreign Service Rules in Part VII of the Civil Service Regulations provide. An officer in receipt of leave allowances cannot take up an appointment which is such as should, for public reasons and not merely in his own interests, be filled by a servant of Government, unless he has been transferred thereto in the regular way by the authority empowered to authorise his transfer under the rules regulating transfers to Foreign Service. An officer who has been so transferred ceases, from the date on which he takes up the appointment, to be on leave and is no longer entitled to draw leave allowances from Government. He becomes an officer in active service drawing from his employer pay fixed in accordance with rule.

ORDERED that this Resolution be published in the *Gazette of India*.

Secretary to the Government of India.

The requisition for the extradition of an accused person must be accompanied by a warrant of arrest issued by the competent authority of the State requiring the extradition, and by such evidence as, according

ARTICULO 4.

La extradición no tendrá lugar si la persona reclamada por parte del Gobierno de Su Majestad Británica ó por el Gobierno del Paraguay, ha sido ya juzgada y absuelta ó castigada por el crimen que la motiva, ó espera su sentencia en la jurisdicción del Reino Unido ó en la República del Paraguay.

Si la persona reclamada por parte de Su Majestad Británica ó por el Gobierno del Paraguay estuviera esperando la terminación de un proceso ó el cumplimiento de una sentencia condenatoria por algún otro crimen en la jurisdicción del Reino Unido ó de la República del Paraguay, respectivamente, será postergada su extradición hasta que se haya librada de la causa, sea por absolución, ó por cumplimiento de la sentencia, ó de otra manera.

ARTICULO 5.

No se concederá la extradición si se halla prescripto el término para la persecución ó castigo del delito de conformidad á las leyes del Estado que pide ó á quien se pide.

Tampoco será concedida si, de acuerdo con la ley de cualquiera de los dos países, la pena máxima del delito fuese menor que un año de prisión.

ARTICULO 6.

No será entregado el criminal fugitivo si el delito en virtud del cual se solicita su entrega fuese de carácter político, ó si se probase que el pedido se ha formulado en realidad con el objeto de enjuiciarlo ó castigarlo por un delito de carácter político.

ARTICULO 7.

Ningún individuo entregado será retenido en caso alguno en la cárcel del Estado requiriente, ni procesado por otro crimen ó falta diferente del que motivó su extradición, hasta que haya sido restituido ó tenido la oportunidad de volver al país que le ha entregado.

Esta estipulación no es aplicable á crímenes cometidos después de la extradición.

ARTICULO 8.

Las demandas de extradición serán hechas por los Agentes diplomáticos de las Altas Partes Contratantes respectivamente.

La demanda de extradición de un individuo acusado debe venir acompañada de una orden de prisión expedida por la autoridad competente del país requiriente, y de las piezas legales de convicción que justifican

to the laws of the place where the accused is found, would justify his arrest if the crime had been committed there.

If the requisition relates to a person already convicted, it must be accompanied by a copy of the judgment passed on the convicted person by the competent Court of the State that makes the requisition for extradition.

A sentence passed *in contumaciam* is not to be deemed a conviction, but a person so sentenced may be dealt with as an accused person.

ARTICLE 9.

If the requisition for extradition be in accordance with the foregoing stipulations, the competent authorities of the State applied to shall proceed to the arrest of the fugitive.

ARTICLE 10.

A criminal fugitive may be apprehended under a warrant issued by any competent authority in either country, on such information or complaint, and such evidence, or after such proceedings, as would, in the opinion of the authority issuing the warrant, justify the issue of a warrant if the crime had been committed or the person convicted in that part of the dominions of the two Contracting Parties in which the said authority exercises jurisdiction; but the arrested fugitive shall be sent as speedily as possible before the competent Magistrate of the country where he is arrested.

He shall, in accordance with this Article, be discharged, as well in the Republic of Paraguay as in the United Kingdom, if within the term of sixty days a requisition for extradition shall not have been made by the Diplomatic Agent of his country in accordance with the stipulations of this Treaty. The same rule shall apply to the cases of persons accused or convicted of any of the crimes or offences specified in this Treaty, and committed on the high seas on board any vessel of either country which may come into a port of the other.

ARTICLE 11.

The extradition shall take place only if the evidence be found sufficient according to the laws of the State applied to, either to justify the committal of the prisoner for trial, in case the crime had been committed in the territory of the same state, or if extradition is claimed in respect of an offence of which the fugitive has been already convicted, to prove that the prisoner is the person convicted and that the crime of which he has been convicted is one in respect of which extradition could, at the time of such conviction, have been granted by the State applied to.

su prisión se hubiese cometido el mismo crimen en el país requerido de acuerdo con sus leyes.

Si la solicitud se refiere á una persona convicta de culpabilidad, debe venir acompañada de la copia de la sentencia pronunciada en la causa por el tribunal competente del Estado que la presente.

No se considera como convicta de culpabilidad una persona sentenciada en rebeldía; pero una persona sentenciada en esta forma, puede ser tratada como acusada.

ARTICULO 9.

Si el requerimiento de extradición está de acuerdo con las condiciones expresadas, las autoridades competentes del Estado requerido procederán al arresto del fugitivo.

ARTICULO 10.

Un criminal fugitivo puede ser apresado en cualquiera de los dos países por orden emanada de autoridad competente, si ésta juzgase que las piezas de convicción exhibidas y los procedimientos observados justificarían en igual caso el arresto de una persona que hubiese cometido el mismo crimen en el territorio de su jurisdicción. Pero el fugitivo aprehendido será presentado lo más brevemente posible ante el magistrado competente del país donde fuese detenido.

De acuerdo con este Artículo, el criminal será puesto en libertad, tanto en la República del Paraguay como en el Reino Unido, si dentro del término de sesenta días no se haya presentado un requerimiento de extradición por el Agente diplomático de su país y de acuerdo con las estipulaciones del presente Tratado.

El mismo procedimiento se seguirá cuando se trate de individuos acusados ó convictos de uno de los crímenes ó delitos citados en este Tratado y cometidos en alta mar, abordó de un buque de uno de los países, que entrase en un puerto del otro.

ARTICULO 11.

La extradición no tendrá lugar sino en el caso de que las piezas de convicción exhibidas fuesen consideradas suficientes, de acuerdo con las leyes del Estado requerido, para justificar la prisión preventiva, en las mismas condiciones, en que se tratase de un crimen cometido en el territorio del mismo Estado; y si el delito ha sido ya comprobado, para justificar la identidad del delincuente; así como probar que el crimen de que se trata era, en la época de su comprobación, uno de aquellos que daban lugar á la extradición.

ARTICLE 12.

The extradition of fugitives under the provisions of this Treaty shall be carried out in His Britannic Majesty's dominions and in the Republic of Paraguay respectively, in conformity with the laws regulating extradition for the time being in force in the surrendering State.

ARTICLE 13.

In the examination which they have to make in accordance with the foregoing stipulations, the authorities of the State applied to shall admit as valid evidence the sworn depositions or the affirmations of witnesses taken in the other State, or copies thereof, and likewise the warrants and sentences issued therein, and certificates of, or judicial documents stating, the fact of a conviction, provided the same are authenticated as follows:—

1. A warrant must purport to be signed by a Judge, Magistrate, or officer of the other State.

2. Depositions or affirmations, or the copies thereof, must purport to be certified, under the hand of a Judge, Magistrate, or officer of the other State, to be the original depositions or affirmations, or to be true copies thereof, as the case may require.

3. A certificate of, or judicial document stating, the fact of a conviction must purport to be certified by a Judge, Magistrate, or officer of the other State.

4. In every case such warrant, deposition, affirmation, copy, certificate, or judicial document must be authenticated, either by the oath of some witness, or by being sealed with the official seal of the Minister of Justice, or some other Minister of the other State, but any other mode of authentication for the time being permitted by the law of the country where the examination is taken may be substituted for the foregoing.

ARTICLE 14.

If the individual claimed by one of the High Contracting Parties in pursuance of the present Treaty should be also claimed by one or several other Powers on account of other crimes or offences committed upon their respective territories, his extradition shall be granted to the State whose demand is earliest in date.

ARTICLE 15.

If sufficient evidence for the extradition be not produced within ninety days from the date of the apprehension of the fugitive, or within such further time as the State applied to, or the proper Tribunal thereof, shall direct, the fugitive shall be set at liberty.

ARTICULO 12.

La extradición de fugitivos, en las condiciones del presente Tratado, se efectuará en los dominios de Su Majestad Británica y en la República del Paraguay respectivamente, de conformidad con las leyes que rigen la extradición por todo el tiempo que ellas se hallan en vigor en el Estado requerido.

ARTICULO 13.

En las investigaciones que las autoridades del Estado requerido tengan que hacer de acuerdo con las estipulaciones precitadas, admitirán como pruebas válidas las declaraciones juradas ó las deposiciones de los testigos en el otro Estado ó sus copias, los autos y sentencias correspondientes y los certificados ó documentos judiciales que justifiquen la criminalidad del reo, siempre que estos documentos llenen los siguientes requisitos:—

1. Una órdén de prisión debe ser firmado por un Juez, Magistrado, ó funcionario público del otro Estado.

2. Las declaraciones ó afirmaciones de testigos ó sus copias, deben ser autorizadas con la firma de un Juez, Magistrado, ó funcionario público del otro Estado, quien debe certificar que son las declaraciones ó afirmaciones originales, ó copias fieles de las mismas, segun los casos.

3. El certificado ó documento judicial en que conste una decisión de culpabilidad debe ser autorizado con la firma de un Juez, Magistrado, ó funcionario público del otro Estado.

4. En cualquiera de estos casos, los autos, declaraciones, afirmaciones, copias certificadas ó documentos judiciales deben ser autorizados por juramento de un testigo, ó llevar el sello oficial del Ministro de Justicia ó de algún otro Ministro del Estado de donde proceden; pero cualquier otro modo de autenticación admitido por la ley del país donde se levantara el sumario, podrá sustituir á los anteriormente señalados.

ARTICULO 14.

Si el individuo reclamado por una de las Altas Partes Contratantes, en virtud del presente Tratado fuese igualmente reclamado por uno ó más Gobiernos, por crímenes ó delitos cometidos dentro de sus territorios respectivos, se concederá la extradición al Estado cuya demanda sea de fecha más antigua.

ARTICULO 15.

Si no se produjeren suficientes pruebas para la extradición dentro de los noventa días á contar desde la fecha de la detención del fugitivo, ó en el nuevo plazo que el Estado requerido ó sus magistrados hubiesen acordado el fugitivo será puesto en libertad.

ARTICLE 16.

All articles seized which were in the possession of the person to be surrendered at the time of his apprehension shall, if the competent authority or the State applied to for the extradition has ordered the delivery of such articles, be given up when the extradition takes place; and the said delivery shall extend not merely to the stolen articles but to everything that may serve as a proof of the crime.

ARTICLE 17.

All expenses connected with extradition shall be borne by the demanding State.

ARTICLE 18.

The stipulations of the present Treaty shall be applicable to the Colonies and Possessions of His Britannic Majesty, so far as their local laws permit; for which purpose His Majesty's Government shall be at liberty to make special arrangements with them for the surrender of criminals to Paraguay in accordance with the terms of the Treaty.

The requisition for the extradition of a criminal, who has taken refuge in one of the British Colonies or Possessions, shall be addressed to the Governor or chief authority of the same by the senior local Paraguayan Consular officer, or, failing him, by the Ministry for Foreign Affairs.

The Governor, or authority referred to, will deal with the demand in accordance with the provisions of the present Treaty, and to the extent permitted by the local laws; but he will be at liberty either to surrender the criminal or to refer the case to the British Government.

As regards demands for the surrender of criminal fugitives from British Colonies and Possessions, they will be governed by the rules laid down in the present Treaty.

ARTICLE 19.

If in any criminal matter pending in any Court or Tribunal of one of the two countries it is thought desirable to take the evidence of any witness in the other, such evidence may be taken by the judicial authorities in accordance with the laws in force on this subject in the country where the witness may be.

ARTICLE 20.

The present Treaty shall come into force ten days after its publication, in conformity with the forms prescribed by the laws of the High Contracting Parties. It may be terminated by either of the High Contracting Parties by a notice not exceeding one year and not less than six months.

It shall be ratified, and the ratifications shall be exchanged at Asunción as soon as possible.

ARTICULO 16.

Todos los efectos que se encuentren en poder del preso en el momento de su aprehensión serán entregados al concederse la extradición, siempre que la autoridad competente del Estado á quien se hace la solicitud ordene tal entrega, la cual no solo comprenderá los objetos robados, sino tambien todo lo que pueda servir como cuerpo de delito.

ARTICULO 17.

Todos los gastos originados por la extradición serán á cargo del Estado que la pidiere.

ARTICULO 18.

Las cláusulas del presente Tratado serán aplicables á las Colonias y Posesiones de Su Majestad Británica en cuanto sus leyes locales lo permitan á cuyo efecto, Su Majestad Británica tendrá la libertad de hacer arreglos especiales con ellas para la entrega de criminales al Paraguay con arreglo á las estipulaciones de la referida Convención.

La demanda de extradición de un criminal que se haya refugiado en alguna de las Colonias ó Posesiones británicas será dirigida al Gobernador ó primera autoridad de las mismas por el Agente Consular Paraguayo de la más alta categoría del lugar, ó en su defecto por el Ministerio de Relaciones Exteriores.

El Gobernador ó autoridad referida atenderá la demanda en conformidad á las disposiciones del presente Tratado, y hasta donde lo permitan las leyes locales; pero tendrá la libertad, ó de hacer la entrega del delincuente, ó de someter el caso al Gobierno británico.

En cuanto á los pedidos de extradición de criminales que emanen de las Colonias y Posesiones británicas, serán regidas por las mismas reglas establecidas en el presente Tratado.

ARTICULO 19.

Si fuese necesario, para el despacho de cualquier asunto criminal pendiente en los tribunales de uno de los dos países, tomar declaración á un testigo que se encontrase en el otro, las autoridades judiciales deberán recibirlas con arreglo á las leyes del país donde se encontrará el testigo.

ARTICULO 20.

AN ACT TO MAKE PROVISION WITH RESPECT TO THE POWERS OF THE HOUSE OF LORDS IN RELATION TO THOSE OF THE HOUSE OF COMMONS, AND TO LIMIT THE DURATION OF PARLIAMENT.

[18th August 1911.]

WHEREAS it is expedient that provision should be made for regulating the relations between the two Houses of Parliament :

And whereas it is intended to substitute for the House of Lords, as it at present exists a Second Chamber constituted on a popular instead of hereditary basis, but such substitution cannot be immediately brought into operation:

And whereas provision will require hereafter to be made by Parliament in a measure effecting such substitution for limiting and defining the powers of the new Second Chamber, but it is expedient to make such provision as in this Act appears for restricting the existing powers of the House of Lords:

Be it therefore enacted by the King's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

1.—(1) If a Money Bill, having been passed by the House of Commons, and sent up to the House of Lords at least one month before the end of the session, is not passed by the House of Lords without amendment within one month after it is so sent up to that House, the Bill shall, unless the House of Commons direct to the contrary, be presented to His Majesty and become an Act of Parliament on the Royal Assent being signified, notwithstanding that the House of Lords have not consented to the Bill.

(2) A Money Bill means a Public Bill which in the opinion of the Speaker of the House of Commons contains only provisions dealing with all or any of the following subjects, namely, the imposition, repeal, remission, alteration, or regulation of taxation; the imposition for the payment of debt or other financial purposes of charges on the Consolidated Fund, or on money provided by Parliament, or the variation or repeal of any such charges; supply; the appropriation, receipt, custody, issue or audit of accounts of public money; the raising or guarantee of any loan or the repayment thereof; or subordinate matters incidental to those subjects or any of them. In this subsection the expressions "taxation," "public money," and "loan" respectively do not include any taxation, money, or loan raised by local authorities or bodies for local purposes.

(3) There shall be endorsed on every Money Bill when it is sent up to the House of Lords and when it is presented to His Majesty for assent the certificate of the Speaker of the House of Commons signed by him that it is a Money Bill. Before giving his certificate, the Speaker shall consult, if practicable, two members to be appointed from the Chairmen's Panel at the beginning of each Session by the Committee of Selection.

2.—(1) If any Public Bill (other than a Money Bill or a Bill containing any provision to extend the maximum duration of Parliament beyond five years) is passed by the House of Commons in three successive sessions (whether of the same Parliament or not), and, having been sent up to the House of Lords at least one month before the end of the session, is rejected by the House of Lords in each of those sessions, that Bill shall, on its rejection for the third time by the House of Lords, unless the House of Commons direct to the contrary, be presented to His Majesty and become an Act of Parliament on the Royal Assent being signified thereto, notwithstanding that the House of Lords have not consented to the Bill: Provided that this provision shall not take effect unless two years have elapsed between the date of the second reading in the first of those sessions of the Bill in the House of Commons and the date on which it passes the House of Commons in the third of those sessions.

(2) When a Bill is presented to His Majesty for assent in pursuance of the provisions of this section, there shall be endorsed on the Bill the certificate of the Speaker of the House of Commons signed by him that the provisions of this section have been duly complied with.

(3) A Bill shall be deemed to be rejected by the House of Lords if it is not passed by the House of Lords either without amendment or with such amendments only as may be agreed to by both Houses.

(4) A Bill shall be deemed to be the same Bill as a former Bill sent up to the House of Lords in the preceding session if, when it is sent up to the House of Lords, it is identical with the former Bill or contains only such alterations as are certified by the Speaker of the House of Commons to be necessary owing to the time which has elapsed since the date of the former Bill, or to represent any amendments which have been made by the House of Lords in the former Bill in the preceding session, and any amendments which are certified by the Speaker to have been made by the House of Lords in the third session and agreed to by the House of Commons shall be inserted in the Bill as presented for Royal Assent in pursuance of this section:

Provided that the House of Commons may, if they think fit, on the passage of such a Bill through the House in the second or third session, suggest any further amendments without inserting the amendments in the Bill, and any such suggested amendments shall be considered by the House of Lords, and, if agreed to by that House, shall be treated as

amendments made by the House of Lords and agreed to by the House of Commons; but the exercise of this power by the House of Commons shall not affect the operation of this section in the event of the Bill being rejected by the House of Lords.

3. Any certificate of the Speaker of the House of Commons given under this Act shall be conclusive for all purposes, and shall not be questioned in any court of law.

Certificate of Speaker.

- 4—(1) In every Bill presented to His Majesty under the preceding provisions of this Act, the words of enactment shall be as follows, that is to say:—

No. 1884-G.—The following communication addressed by His Majesty's Secretary of State for Foreign Affairs to the Most Hon'ble the Marquis of Crewe, K. G., His Majesty's Secretary of State for India, is published for general information and guidance :

"His Majesty being fully determined to observe the duties of neutrality during the existing state of war between Turkey and Italy, and being, moreover, resolved to prevent, as far as possible, the use of His Majesty's harbours, ports, and coasts and the waters within His Majesty's territorial jurisdiction in aid of the warlike purposes of either belligerent, has commanded me to communicate to you, for your guidance, the following rules which are to be treated and enforced as His Majesty's orders and directions :

"Rule I.—During the continuance of the present state of war, all ships of war of either belligerent are prohibited from making use of any port or roadstead in the United Kingdom, the Isle of Man, or the Channel Islands, or in any of His Majesty's Colonies or Foreign possessions or dependencies or of any waters, subject to the territorial jurisdiction of the British Crown as a station or place of resort for any warlike purpose or for the purpose of obtaining any facilities for warlike equipment. And no ship of war of either belligerent shall hereafter be permitted to leave any such port, roadstead, or waters from which any vessel of the other belligerent (whether the same shall be a ship of war or a merchant ship) shall have previously departed until after the expiration of at least twenty-four hours from the departure of such last mentioned vessel beyond the territorial jurisdiction of His Majesty.

"Rule II.—If there is now in any such port, roadstead, or waters, subject to territorial jurisdiction of the British Crown, any ship of war of either belligerent, such ship of war shall leave such port, roadstead, or waters within such time, not less than twenty-four hours, as shall be reasonable, having regard to all circumstances and the conditions of such ship as to repairs, provisions, or things necessary for the subsistence of her crew. And, if after the date hereof any ship of war of either belligerent shall enter any such port, roadstead, or waters, subject to the territorial jurisdiction of the British Crown, such ship shall depart and put to sea within twenty-four hours after her entrance into any such port, roadstead, or waters, except in case of stress of weather, or of her requiring provisions or things necessary for the subsistence of her crew, or repairs, in either of which cases the authorities of the port or of the nearest port (as the case may be) shall require her to put to sea as soon as possible after the expiration of such period of twenty-four hours without permitting her to take in supplies beyond what may be necessary for her immediate use, and no such vessel, which may have been allowed to remain within British

waters for the purpose of repair, shall continue in any such port, roadstead, or waters for a longer period than twenty-four hours after her necessary repairs shall have been completed. Provided, nevertheless, that, in all cases in which there shall be any vessels (whether ships of war or merchant ships) of both the said belligerent parties in the same port, roadstead, or waters within the territorial jurisdiction of His Majesty, there shall be an interval of not less than twenty-four hours between the departure therefrom of any such vessel (whether a ship of war or merchantman) of the one belligerent and the subsequent departure therefrom of any ship of war of the other belligerent. And the time hereby limited for the departure of such ships of war respectively shall always in case of necessity be extended so far as may be requisite for giving effect to this proviso, but no further or otherwise.

"Rule III.—No ship of war of either belligerent shall hereafter be permitted, while in any port, roadstead, or waters, subject to territorial jurisdiction of His Majesty, to take in any supplies except provisions and such other things as may be requisite for the subsistence of her crew and except so much coal only as may be sufficient to carry such vessel to the nearest port of her own country or to some nearer named neutral destination; and no coal shall be again supplied to any such ship of war in the same or any other port, roadstead, or waters, subject to the territorial jurisdiction of His Majesty, without special permission until after the expiration of three months from the time when such coal may have been last supplied to her within British waters as aforesaid.

"Rule IV.—Armed ships of either belligerent are interdicted from carrying prizes made by them into the ports, harbours, roadsteads, or waters of the United Kingdom, the Isle of Man, the Channel Islands, or any of His Majesty's Colonies or possessions abroad. The Governor or other chief authority of each of His Majesty's territories or possessions beyond the seas shall forthwith notify and publish the above rules."

The Governor General in Council is pleased to direct that the Orders and Directions of His Majesty the King, Emperor of India, as contained in the above communication are to be obeyed by all persons within the limits of His Majesty's territories and possessions in India.

BELGIUM, EXTRADITION ORDER IN COUNCIL, 1911.

AT the Court at *Buckingham Palace*, the 8th day of *August*, 1911.

PRESENT,

The KING'S Most Excellent Majesty.

Lord President.

Lord Chamberlain.

Lord Pentland.

Mr. Charles Hobhouse.

WHEREAS by the Extradition Acts, 1870 to 1906, it was amongst other things enacted that, where an arrangement has been made with any foreign State with respect to the surrender to such State of any fugitive criminals, His Majesty may, by Order in Council, direct that the said Acts shall apply in the case of such foreign State; and that His Majesty may, by the same or any subsequent Order, limit the operation of the Order, and restrict the same to fugitive criminals who are in or suspected of being in the part of His Majesty's dominions specified in the Order, and render the operation thereof subject to such conditions, exceptions, and qualifications as may be deemed expedient :

And whereas a Treaty was concluded on the 29th day of October, 1901, between His late Majesty King Edward VII and His late Majesty the King of the Belgians, for the *Extradition of Criminals*, which Treaty was amended by a supplementary Convention concluded on the 5th day of March, 1907 :

And whereas a further Convention was concluded on the 3rd day of March, 1911, between His Majesty and His Majesty the King of the Belgians, amending Article 6 of the aforesaid Treaty, which Convention is in the terms following :—

His Majesty the King of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas, Emperor of India, and His Majesty the King of the Belgians, being desirous of amending the provisions of article 6 of the Treaty between Belgium and Great Britain of the 29th October, 1901, for the mutual extradition of fugitive criminals, have named as their respective Plenipotentiaries, for this purpose, that is to say :

SA Majesté le Roi du Royaume-Uni de Grande-Bretagne et d'Irlande et des Territoires Britanniques au delà des Mers, Empereur des Indes, et Sa Majesté le Roi des Belges, désireux de modifier les dispositions de l'article 6 du Traité conclu le 29 octobre, 1901, entre la Belgique et la Grande-Bretagne, pour l'extradition réciproque des criminels fugitifs, ont nommé respectivement comme Plénipotentiaires à cet effet, savoir :

His Majesty the King of the United Kingdom of Great Britain and Ireland, the Right Honourable Sir Edward Grey, a Baronet of the United Kingdom a Member of Parliament, His Majesty's Principal Secretary of State for Foreign Affairs ;

And His Majesty the King of the Belgians, Count de Lalaing, His Majesty's Envoy Extraordinary and Minister Plenipotentiary at the Court of His Britannic Majesty ;

Who, having reciprocally communicated their full powers, found to be in good and due form, have agreed as follows :—

ARTICLE 1.

The following article is substituted for article 6 of the Extradition Treaty of the 29th October, 1901 :—

When a person shall have been extradited by one of the High Contracting Parties, that person, until he has returned to the country from which he had been extradited, or until he has had opportunity of returning to it, shall not be detained or brought to justice in the State to which he has been handed over for any crime or on any other charge whatever prior to the extradition except those in respect of which the extradition has been accorded.

Neither shall that person, until he has had an opportunity of returning to the country from which he has been extradited, be handed over to a third State.

ARTICLE 2.

The present Convention shall be ratified, and the ratifications shall be exchanged at London, as soon as possible.

It shall come into force ten days after its publication in the manner prescribed by law in the respective countries, and shall have the same force and duration as the Treaty to which it relates.

(L. S.) E. GREY.

(L. S.) LALAING.

And whereas the ratifications of the above Convention were exchanged at London on the 10th day of May, 1911 ;

Now, therefore, His Majesty, by and with the advice of His Privy Council, and in virtue of the authority committed to Him by the said recited Acts, doth order, and it is hereby ordered, that from and after the 25th day of August, 1911, the said Acts shall apply

Sa Majesté le Roi du Royaume Uni de Grande-Bretagne et d'Irlande le Très-Honorable Sir Edward Grey, Baronnet du Royaume-Uni, Membre du Parlement, Principal Secrétaire d'État de Sa Majesté au Département des Affaires Étrangères ;

Et Sa Majesté le Roi des Belges, le Comte de Lalaing, Envoyé Extraordinaire et Ministre Plénipotentiaire de Sa Majesté près Sa Majesté Britannique ;

Lesquels, après s'être communiqué réciproquement leurs pleins pouvoirs, trouvés en bonne et due forme, sont convenus de ce qui suit :—

ARTICLE 1^{er}.

L'article suivant remplace l'article 6 de la Convention d'Extradition du 29 octobre, 1901 :—

Lorsqu'une personne aura été extradée par une des Hautes Parties Contractantes, cette personne, jusqu'à ce qu'elle soit rentrée dans le pays d'où elle a été extradée ou qu'elle ait eu l'occasion d'y rentrer, ne sera détenue ou traduite en justice dans l'État auquel elle a été livrée pour aucun crime ou pour d'autres sujets quelconques de plainte, antérieurs à l'extradition, que ceux pour lesquels l'extradition a eu lieu.

Cette personne ne pourra non plus, avant qu'elle ait eu l'occasion de rentrer dans le pays d'où elle a été extradée, être livrée à un État tiers.

ARTICLE 2.

La présente Convention sera ratifiée et les ratifications en seront échangées à Londres, aussitôt que possible.

Elle entrera en vigueur dix jours après sa publication dans la forme prévue par la législation des pays respectifs, et aura la même force et la même durée que le Traité auquel elle se rapporte.

En foi de quoi, les Plénipotentiaires respectifs ont signé la présente Convention et y ont apposé leurs cachets.

Fait à Londres, en double exemplaire, le 3 mars, 1911.

in the case of Belgium under and in accordance with the said Treaty of the 29th October, 1901, and the supplementary Conventions of the 5th March, 1907, and 3rd March, 1911 :

Provided always that the operation of the said Acts shall be and remain suspended within the Dominion of Canada so long as an Act of the Parliament of Canada, being Part I of chapter 155 of "The Revised Statutes of Canada, 1906," and entitled "An Act respecting the Extradition of Fugitive Criminals," shall continue in force there, and no longer.
